1. Site location and background

Lake Underground Storage (LUS) site (a.k.a Nacelle Land Management Corporation) is a 73-acre, inactive brine facility located at 675 Lakeshore Boulevard in Painesville Township, Lake County, Ohio. The site is located northwest of the city of Painesville and adjacent to Mentor Marsh State Nature Preserve, which empties into Lake Erie. A detailed description of the background can be found in the initial POLREP.

IV. RESPONSE INFORMATION

A. Situation

1. Current situation

Refer to initial POLREP for detailed response information.

2. Removal actions to date: (November 15 through 19, 1999)

ERRS continued to solidify contaminated oil sludges and sediments from the lagoon. ERRS began using lime kiln dust along with fly ash for on-site solidification of site wastes. Solidified waste materials continue to be stockpiled over the northern end of the site for disposal. In addition, ERRS began grading the "clean areas" of the lagoon for water drainage.

B. Next Steps

- Site-specific IAG is being processed by USCG and Region 5 headquarters.
- Mobilize additional equipment and personnel (November 29, 1999).

C. Key Issues

- OSC Augustyn requested FPN ceiling increase from \$425,000 to \$1,000,000 on November 4, 1999.
- A modification for a ceiling increase to the site-specific IAG was mailed to the USCG on November 12, 1999.

V. COST INFORMATION
